Cough medicines, as a rule, contain a large quantity of plain syrup. If you take one pint of granulated sugar, add 1/2 pint of warm water and stir about 2 minutes, you have as good syrup as money could buy.

If you will then put 2/2 ounces of Pinex (fifty cents' worth) in a pint bottle, and fill it up with the Sugar Syrup, you will have as much cough syrup as you could buy ready made for \$2.50. Take a teaspoonful every one, two or three hours. It keeps perfectly. You will find it one of the best cough syrups you ever used—even in whooping cough. You can feel it take hold—usually conquers an ordinary cough in 34 hours. It is just laxative enough, has a good tonic effect, and the taste is pleasant.

It is a splendid remedy, too, for whooping cough, spasmodic croup, hoarseness and bronchial asthma. Pinex is a most vaulable concentra-ted compound of Norway white pine extract, rich in guaiacol and other healing pine elements. No other prepa-ration will work in this formula.

This plan for making cough remedy with Pinex and Sugar Syrup is now used in more bomes than any other cough remedy. The plan has often been imitated but never successfully.

A guaranty of absolute satisfaction, or money promptly refunded, goes with this preparation. Your druggist has Pinex, or will get it for you. If not,

Chief Brown recalled that Peckham was about town Monday of last week in company with a stranger whom the chief now believes is a crook. On the night of that day Jacob Beringer, the jeweler, was held up by two men, but with the aid of his son, Cecil, the highwaymen were fought off. Chief Brown sent for Cyril Beringer Sunday might and he was positive in his identification of Peckham as one of the highwaymen, as the taller of the two men and the one who held the revolver at his father's stomach and wo men and the one who held the revolver at his father's stomach and
who struck his father in the head.
Sergeant West took Feckham to the

In order that there be no doubt as to the identification Mr. Beringer and son were summoned to the police sta-tion and the former identifications were confirmed. Peckham's only response was: "I'm not the man." The younger Beringer, after taking a good look at Peckham from front and rear, said: "That's the fellow I grappled with; that's him and no mistake." To this Peckham replied: "You're mistaken this time."

at the Springs when it was announced
that another mill was on fire. Stafford
